

Sukhwinder Singh

+91 7888554870 • sukhamallan@gmail.com • linkedin • github • portfolio

Senior iOS Developer with 8 years of experience in designing, developing, and deploying applications using Swift, SwiftUI, Combine, Clean Architecture, MVVM, and Swift Concurrency across fintech, enterprise, consumer, and multimedia domains. Experienced in designing scalable application architectures, developing reusable and maintainable components, optimizing application performance, integrating modern iOS frameworks, and delivering high-quality native applications with a strong focus on user experience.

WORK EXPERIENCE

Natwest • Bengaluru, India • January 2026 - Present

Senior Software Engineer (via Mphasis)

- Designed and implemented an offline mode for the application by serving local mock API responses, enabling developers and QA teams to validate end-to-end user flows without relying on backend services. Automated mock data generation and synchronization through build scripts, allowing developers to easily add new APIs or refresh existing mock responses from live endpoints with minimal manual effort.
- Integrated SSL Pinning across URLSession, WKWebView, and trusted third party domains, ensuring secure communication by validating server identities and protecting the application against man-in-the-middle attacks.

Wells Fargo • Bengaluru , India • 2024 - 2026

Senior Software Engineer (via Mphasis)

- Developed the Commercial Credit Card module in Swift, enabling corporate customers to securely access credit line details, available balance, outstanding amount, and historical statements through real-time banking APIs.
- Enhanced the WebView module by implementing secure native-web communication using WKScriptMessageHandler, custom navigation handling, and seamless integration between legacy web-based banking feature and native iOS screens.

Mobile Programming Pvt Ltd • Mohali , India • 2022 - 2024

Senior Software Developer

- Developed an enterprise application for giving presentations and booking at-need and pre-need cremation services.
- Provided solutions and enhancements for legacy applications, enabling active participants to conveniently make quarterly account purchases and seamlessly utilize fare balances across city transportation services.

iApp Technologies LLP • Mohali , India • 2019 - 2022

Senior iOS Developer

- Build custom keyboard extension for providing stylish fonts and enhanced typing experience.
- Integrated CoreML framework to process images and apply Prisma-style artistic filters using machine learning models developed and optimized through Jupyter notebook and Google Colaboratory.
- Developed media-processing features including video editing, filters, screen recording, and video compression.

- Designed and implemented an iOS home screen customization application with dynamic icon packs, pre-built theme kits, icon editing capabilities, and HealthKit integration to display fitness data through customizable widgets.

Techwin Labs LLP • Mohali , India • 2018 - 2019

Junior iOS Developer

- Developed custom software solutions tailored to meet specific client requirements.

SKILLS

Primary Technical Skills: Swift, SwiftUI, UIKit, Swift Concurrency, async/await, Combine, MVVM, Clean Architecture, Core Data, REST APIs, Security, Secure Coding Practices, SSL Pinning, Encryption, Accessibility (ADA), Unit Testing, UI Testing, XCTest, CI/CD, SOLID Principles, Design Patterns

Architecture & Engineering Practices: Scalable Mobile Architecture, Performance Optimization, Reusable Components, Protocol-Oriented Programming, Code Reusability

AI & Modern Development: GitHub Copilot, Prompt Engineering, AI-Assisted Development

Tools: Xcode, Git, GitHub, Jira, Confluence, Jupyter notebook, Google Colaboratory

EDUCATION

Bachelor of Technology in Computer Science

Guru Gobind Singh College of Engineering & Technology • 2010 - 2014

AWARDS

- Employee of the Month - iAPP Technologies LLP (May 2021)
- Employee of the Month - iAPP Technologies LLP (October 2021)
- Star Performer Award - iAPP Technologies LLP (March 2022)
- Certificate of Appreciation from Mphasis (Feb 2025) for outstanding initiative and contribution to Wells Fargo client.
